

Tiempo de Banana

Las fibras de banana y banana verde llegan para transformar formulaciones modernas, especialmente en productos sin gluten, clean label y nutrición avanzada.

BanaFiber™

Banana Fiber & Green Banana Solutions

Fibra natural. Funcionalidad real. Innovación aplicable.

1. POR QUÉ BANAFIBER™

Soluciones de fibra de banana y banana verde con enfoque técnico, funcional y comercial.

Especial interés en formulaciones sin gluten, matrices con fibra y conceptos de nutrición moderna.

Ingrediente versátil para desarrollar textura, cuerpo y valor diferencial.

2. VENTAJAS CLAVE

- ✓ Fuente natural de fibra.
- ✓ Interés tecnológico en matrices gluten free.
- ✓ Aporta valor en formulaciones clean label.
- ✓ La banana verde destaca por su contenido en almidón resistente.
- ✓ Perfil versátil para panadería, snacks, bebidas y suplementación.
- ✓ Enfoque sostenible y aprovechamiento inteligente de materias primas.

3. APLICACIONES

- Panadería y bakery
- Productos sin gluten
- Batidos y bebidas funcionales
- Nutrición deportiva
- Snacks y barras
- Premixes y complementos alimenticios

INTABIOTECH

Ingredient Solutions & Innovation

Banana & Green Banana Ingredient Solutions

Innovative high-quality fibers for advanced formulations

INTABIOTECH develops and supplies innovative, high-quality ingredient solutions based on banana fiber and green banana, designed for functional foods, nutritional formulations, clean label developments, and advanced industrial applications.

BanaFiber™

Banana Fiber & Green Banana Solutions

More than ingredients: innovation, technical support and practical vision.

1. FUNCTIONAL FIBER

Designed to add value in multiple food applications.

High interest in functional ingredients with fiber matrices and modern nutrition concepts.

Versatile ingredient to enhance texture, body, and differentiation.

2. FORMULATION SUPPORT

Natural source of fiber.

Suitable for gluten-free formulations.

Delivers value in clean label formulations.

Green banana highlights its content of resistant starch.

Sustainable profile for bakery, snacks, beverages, and supplement.

3. INDUSTRIAL APPROACH

Bakery

Gluten-free products

Beverages and functional drinks

Sports nutrition

Snacks and bars

Premixes and food supplements

4. TAILOR-MADE DEVELOPMENT

We help transform needs into competitive products.

Technical solutions and co-development.

Process optimization and application focus.

Close support from idea to market.

TYPICAL APPLICATIONS

- Bakery
- Snacks
- Functional foods
- Nutritional products
