SAMBIONYX™

BLACK ELDERBERRY POLYPHENOLS

NEXT-GENERATION PREBIOTIC SOLUTIONS

THE POWER OF NATURE, BACKED BY SCIENCE

SAMBIONYX™ is our premium range of black elderberry (*Sambucus nigra*) polyphenols designed to support the next generation of prebiotic-oriented nutrition.

Rich in anthocyanins, flavonoids and other bioactive compounds, elderberry polyphenols contribute to a balanced gut microbiome and overall well-being.

WHY BLACK ELDERBERRY?

- ✓ High in polyphenols and anthocyanins
- ✓ Traditionally used for immune support
- ✓ Supports a balanced gut microbiome
- ✓ Natural, sustainable and clean label
- ✓ Backed by emerging scientific research
